

## You have the power to make a difference.

Energy from resources such as the sun, wind and organic matter is more costly to produce than energy from traditional sources. The good news: You can help NC GreenPower build our supply of green energy for as little as \$4 a month. Your monthly tax-deductible contribution will add one block of 100 kilowatt-hours (kWh) of green energy to North Carolina's power supply.

The average house uses 1000 kWh of energy each month. You may want to give \$4 per person in your household or base your contribution on your current usage. Whatever you decide to give, you'll know it's going to help build a new future of renewable energy sources in North Carolina.

Businesses can support NC GreenPower too! Send a message to your customers and your community that your business cares about the environment by contributing to NC GreenPower or becoming a corporate sponsor.

## It's easy. It's effective. It's affordable.

To sign up, send in the form below with your electric bill or call us at 800-682-2217 or 252-247-3107 today. For your convenience, your contribution will be added to your monthly electric bill. To help us keep administrative costs low, electric utilities across the state have volunteered to collect contributions and send the entire amount directly to NC GreenPower.

## The power to choose. The power to change.

Environmental experts say that sponsoring a single block of green power for one year is the equivalent of planting 150 trees or not driving a car for 74 days. Just \$4 a month - it's a small contribution that will make a powerful impact.

To learn more about the program or to sign up, visit the Web site at [www.ncgreenpower.org](http://www.ncgreenpower.org) or call at 866-533-NCGP.

<b>Sign up today to build a greener future.</b> Make NC GreenPower part of your commitment to a cleaner environment! To enroll, visit our Web site at <a href="http://www.ncgreenpower.org">www.ncgreenpower.org</a> , call 866-533-NCGP or fill out and return this enrollment card. You may also include this enrollment card with your electric payment.
